A MUTUAL FRIEND

Our reinsurer, Farm Mutual Re, created a generous “Mutual Support” fund which allowed each of us to participate even more in the support of our local communities. We were each given \$40,000 to donate! A great contribution and another example of mutuality in action.

Farm Mutual Re
Collaborate. Empower. Succeed.

WHY MUTUALS MATTER

Mutual insurance exists for the benefit of all. There are no shareholders here, just a vibrant community of policyholders who form our boards of directors and vote on important company decisions.

We’ve been operating for over 160 years and there’s a reason for that. Mutuals, and the mutual insurance model, are an integral part of the fabric of our province.

With our policyholders, with our fellow mutuals, and with our communities, we’re truly **in this together**.
