1	All went very smoothly with new format and technology. More information around inspection/standard numbers etc. would be helpful for the board to understand. There was some really good questions and conversations without getting too much into operations.	7/23/2021 8:00 AM
2	I enjoy Bryce's presentations. The inspection department has been severely impacted by covid in their ability to do their job. I think they have done the best they could not sure what the big concern is.	7/22/2021 5:23 PM
3	Sometimes I think especially in the board book, the amount of info is a bit much, I suppose that's better than not enough, not a criticism but an observation	7/21/2021 2:59 PM
4	Need to have very good in the comments	7/16/2021 7:00 AM
5	Bryce needs more detail	7/15/2021 7:22 PM

1	Performance development worksheet review conversation was helpful. The length of the conversation was perfect.	7/23/2021 8:00 AM
2	The discussion on conventions i believe was very short sighted. If all the directors around the table had the opportunity to attend an event this year I believe the discussion would have been very different. Most of us will have numerous opportunities to attend educational and social events but some won't. It would have been better to give their perspective due consideration.	7/22/2021 5:23 PM
3	Nothing negative , all good conversation and comments	7/21/2021 2:59 PM
