

## HTM Community Room.

As The World works its way through  
The Reality of Covid 19.

I'm Sure we are all now aware of what we  
once would consider The impossible Being  
~~so~~ our Reality.

And as The Health & Safety of The Employees  
and The Related Risk TO operations of HTM all  
The Responsibility of The Board of Directors.

I feel a Discussion is warranted in Regards  
TO The future of The Community Room as We  
know it & The Expense it creates being open  
TO The General Public.

Respectfully submitted,

Van Daling HTM Ins.
