2. Board Executive complete the form (Directors Area) by the December board meeting
3. CEO and Board Executive meet to discuss year performance and feedback (this will also support setting the performance development plan for the next year)
4. The finalized performance development form will be sent to the Board for final review and filing.

PRESIDENT/CEO OBLIGATIONS

The form shall be provided in both a form fillable PDF and/or on paper at the pleasure of the individual director.

Each goal shall be described in enough detail as to provide a clear outcome for which directors can measure.

This form will be referred to on a quarterly basis.

DIRECTOR OBLIGATIONS

Each director will “own” their own version and will make notes in the “Final Outcome” area as to their opinion of the success of the action items based on the measures.

The directors are free to submit their form quarterly to the chair or on an annual basis in December when performance of the CEO for the year is reviewed.

These documents will be used in general board discussion and by the executive in reviewing performance with the President/CEO. AT the end of the year, the directors individual forms should be shredded and just the finalized form be saved.

COMBINED OBLIGATIONS

The board will determine an annual performance bonus amount (Maximum bonus available) by the first board meeting of the year to which this form applies.

50% of the bonus amount is included as the President/CEO’s “normal” remuneration.

The other 50% is based on the board’s assessment of the completion of an action item(s) in this report.

The board is to determine the final bonus payable by the December board meeting so it can be paid and allocated to the year in which it applies.
