

Standards Other

- Health and safety committee continues to meet.
- The health and safety committee consisting of Brandon, Jennifer and myself attended a virtual H&S conference. Some great speakers with most of the focus of course being on Covid and vaccinations etc.
- Extra cleaning and sanitization continues
- We still maintain a good supply of masks and hand sanitizer is readily available throughout the building
- Thanks to Barb and Christine we have self-testing capabilities in our building now and it appears to be going well on a voluntary basis
- I am continuing to change our new high end filters for our HVAC system on 6 week intervals to do all we can for air quality

Things Not Yet Done

- Annual fire drill
- Review first aid/CPR requirements and options for 2021
